**Rental Assistance Demonstration (RAD)**

**A. Introduction**

The Authority plans to complete an assessment of Houston Moore, Hillcrest, Solomon Towers, Creekwood South, Creekwood South LLC, Woodbridge, Eastbrook, Vesta Village, New Brooklyn, Scattered Sites, SouthSide 1 and other developments in order to determine the feasibility of a Voluntary Conversion Plan to convert public housing ACC units to the Project-Based Section 8 Program (PBV) under Rental Assistance

Demonstration (RAD) under the guidelines of PIH Notice 2012-32 (HA), REV-2 and any successor Notices.

Upon conversion to RAD Project Based Vouchers, the Authority will adopt the resident rights, participation, waiting list and grievance procedures listed in Section 1.6.C & 1.6.D of PIH Notice 2012-32 (HA), REV-2. These resident rights, participation, waiting list and grievance procedures are further listed below in Section C below.

Additionally, the Authority is currently compliant with all fair housing and civil rights requirements and is not under a Voluntary Compliance Agreement. This RAD conversion complies with all applicable site selection and neighborhood reviews standards and that all appropriate procedures have been followed.

RAD was designed by HUD to assist in addressing the capital needs of public housing by providing the Authority with access to private sources of capital to repair and preserve its affordable housing assets. Please be aware that upon conversion, the Authority's Capital Fund Budget will be reduced by the pro rata share of Public Housing Developments converted as part of the Demonstration, and that the Authority may also borrow funds to address their capital needs.

## Resident Rights, Participation, Waiting List and Grievance Procedures

### C. Resident Rights and Participation

- 1. Right to Return.** Any resident that may need to be temporarily relocated to facilitate rehabilitation or construction will have a right to return to an assisted unit at the development once rehabilitation or construction is completed. Permanent involuntary displacement of residents may not occur as a result of a project's conversion of assistance, including, but not limited to, as a result of a change in bedroom distribution, a de minimis reduction of units, the reconfiguration of efficiency apartments, or the repurposing of dwelling units in order to facilitate social service delivery. Where the transfer of assistance to a new site is warranted and approved residents of the converting project will have the right to reside in an assisted unit at the new site once rehabilitation or

construction is complete. Residents of a development undergoing conversion of assistance may voluntarily accept a PHA or Owner's offer to permanently relocate to another assisted unit, and thereby waive their right to return to the development after rehabilitation or construction is completed.

- 2. No Re-screening of Tenants upon Conversion.** Pursuant to the RAD statute, at conversion, current households are not subject to rescreening, income eligibility, or income targeting provisions. Consequently, current households will be grandfathered for conditions that occurred prior to conversion but will be subject to any ongoing eligibility requirements for actions that occur after conversion. For example, a unit with a household that was over-income at time of conversion would continue to be treated as an assisted unit. Thus, 24 CFR § 982.201, concerning eligibility and targeting, will not apply for current households. Once that remaining household moves out, the unit must be leased to an eligible family.
- 3. Under-Occupied Unit.** If a family is in an under-occupied unit under 24 CFR 983.259 at the time of conversion, the family may remain in this unit until an appropriate-sized unit become available in the covered Project. When an appropriate sized unit becomes available in the covered Project, the family living in the under-occupied unit must move to the appropriate-sized unit within a reasonable period of time, as determined by the administering Voucher Agency. In order to allow the family to remain in the under-occupied unit until an appropriate-sized unit becomes available in the covered Project, 24 CFR 983.259 is waived.
- 4. Renewal of Lease.** Under current regulations at 24 CFR § 983.257(b)(3), the PHA must renew all leases upon lease expiration, unless cause exists. This provision must be incorporated by the PBV owner into the tenant lease or tenancy addendum, as appropriate.
- 5. Phase-in of Tenant Rent Increases.** If a tenant's monthly rent increases by more than the greater of 10 percent or \$25 purely as a result of conversion, the rent increase will be phased in over 3 or 5 years. To implement this provision, HUD is waiving section 3(a)(1) of the Act, as well as 24 CFR § 983.3 (definition of "total tenant payment" (TTP)) only to the extent necessary to allow for the phase-in of tenant rent increases. A PHA must create a policy setting the length of the phase in period at three years, five years or a combination depending on circumstances. For example, a PHA may create a policy that uses a three year phase-in for smaller increases in rent and a five year phase-in for larger increases in rent. This policy must be in place at conversion and may not be modified after conversion.

***WHA Policy:*** *If, due to the RAD conversion, the tenant's monthly rent increases more than 10% or \$25 whichever is greater, a three (3) year phase in will be implemented according to the Three Year Phase-in scheduled below.*

The below method explains the set percentage-based phase-in an owner must follow according to the phase-in period established. For purposes of this section “standard TTP” refers to the TTP calculated in accordance with regulations at 24 CFR §5.628 and the “most recently paid TTP” refers to the TTP recorded on line 9j of the family’s most recent HUD Form 50058

**Three Year Phase-in:**

- Year 1: Any recertification (interim or annual) performed prior to the second annual recertification after conversion – 33% of difference between most recently paid TTP and the standard TTP
- Year 2: Year 2 Annual Recertification (AR) and any Interim Recertification (IR) prior to Year 3 AR – 66% of difference between most recently paid TTP and the standard TTP
- Year 3: Year 3 AR and all subsequent recertifications – Full standard TTP

**Five Year Phase in:**

- Year 1: Any recertification (interim or annual) performed prior to the second annual recertification after conversion – 20% of difference between most recently paid TTP and the standard TTP
- Year 2: Year 2 AR and any IR prior to Year 3 AR – 40% of difference between most recently paid TTP and the standard TTP
- Year 3: Year 3 AR and any IR prior to Year 4 AR – 60% of difference between most recently paid TTP and the standard TTP
- Year 4: Year 4 AR and any IR prior to Year 5 AR – 80% of difference between most recently paid TTP and the standard TTP
- Year 5 AR and all subsequent recertifications – Full standard TTP

*Please Note:* In either the three year phase-in or the five-year phase-in, once the standard

TTP is equal to or less than the previous TTP, the phase-in ends and tenants will pay full TTP from that point forward.

**6. Public Housing Family Self Sufficiency (PH FSS) and Resident Opportunities and Self Sufficiency Service Coordinator (ROSS-SC) programs.**

Public Housing residents that are current FSS participants will continue to be eligible for FSS once their housing is converted under RAD, and PHAs will be allowed to use any PH FSS funds, to serve those FSS participants who live in units converted by RAD. Due to the program merger between PH FSS and HCV FSS that took place pursuant to the FY14 Appropriations Act (and was continued in the FY15 Appropriations Act), no special provisions are required to continue serving FSS participants that live in public housing units converting to PBV under RAD.

However, PHAs should note that there are certain FSS requirements (e.g. escrow calculation and escrow forfeitures) that apply differently depending on whether the FSS participant is a participant under the HCV program or a public housing resident, and PHAs must follow such requirements accordingly. All PHAs will be required to administer the FSS program in accordance with FSS regulations at 24 CFR Part 984, and participants' contracts of participation, and the alternative requirements established in the "Waivers and Alternative Requirements for the FSS Program" Federal Register notice, published on December 29, 2014, at 79 FR 78100. Further, upon conversion to PBV, already escrowed funds for FSS participants shall be transferred into the HCV escrow account and be considered TBRA funds, thus reverting to the HAP account if forfeited by the FSS participant.

Current ROSS-SC grantees will be able to finish out their current ROSS-SC grants once their housing is converted under RAD. However, once the property is converted, it will no longer be eligible to be counted towards the unit count for future public housing ROSS-SC grants, nor will its residents be eligible to be served by future public housing ROSS-SC grants, which by statute can only serve public housing residents.

**7. Resident Participation and Funding.** In accordance with Attachment 1B (attached), residents of covered projects with converted PBV assistance will have the right to establish and operate a resident organization for the purpose of addressing issues related to their living environment and be eligible for resident participation funding.

**8. Resident Procedural Rights.** The following items must be incorporated into both the Section 8 Administrative Plan and the Project Owner's lease, which includes the required tenancy addendum, as appropriate. Evidence of such incorporation may be requested by HUD for purposes of monitoring the program.

- a. Termination Notification.** HUD is incorporating additional termination notification requirements to comply with section 6 of the Act for public

housing projects that convert assistance under RAD. In addition to the regulations at 24 CFR § 983.257, related to Project owner termination of tenancy and eviction, the termination procedure for RAD conversions to PBV will require that PHAs provide adequate written notice of termination of the lease which shall not be less than:

- i.** A reasonable period of time, but not to exceed 30 days:
    - a. If the health or safety of other tenants, PHA employees, or persons residing in the immediate vicinity of the premises is threatened; or
    - b. In the event of any drug-related or violent criminal activity or any felony conviction;
  - ii.** 14 days in the case of nonpayment of rent; and
  - iii.** 30 days in any other case, except that if a State or local law provides for a shorter period of time, such shorter period shall apply.
- b. Grievance Process.** Pursuant to the requirements in the RAD Statute, HUD has established additional procedural rights to comply with the requirements of section 6 of the Act.

For issues related to tenancy and termination of assistance, PBV program rules require the Project Owner/PHA (hereinafter “Project Owner”) to provide an opportunity for an informal hearing, as outlined in 24 CFR § 982.555. RAD will specify alternative requirements for 24 CFR § 982.555(b) in part, which outlines when informal hearings are not required, to require that:

- i.** In addition to reasons that require an opportunity for an informal hearing given in 24 CFR § 982.555(a)(1)(i)-(vi), an opportunity for an informal hearing must be given to residents for any dispute that a resident may have with respect to a Project owner action in accordance with the individual’s lease or the contract administrator in accordance with RAD PBV requirements that adversely affect the resident’s rights, obligations, welfare, or status.
  - a. For any hearing required under 24 CFR § 982.555(a)(1)(i)-(vi), the contract administrator will perform the hearing, as is the current standard in the program. The hearing officer must be selected in accordance with 24 CFR § 982.555(e)(4)(i).

- b. For any additional hearings required under RAD, the Project Owner will perform the hearing.
- ii. There is no right to an informal hearing for class grievances or to disputes between residents not involving the Project Owner or contract administrator.
- iii. The Project Owner gives residents notice of their ability to request an informal hearing as outlined in 24 CFR § 982.555(c)(1) for informal hearings that will address circumstances that fall outside of the scope of 24 CFR § 982.555(a)(1)(i)-(vi).
- iv. The Project Owner provides opportunity for an informal hearing before an eviction.

Current PBV program rules require that hearing procedures must be outlined in the PHA's Section 8 Administrative Plan.

**WHA Policy:** *The hearing procedures for PBV and PBV clients converted under RAD are outlined in Chapter 18 of the WHA HCV Administrative Plan.*

**9. Earned Income Disregard (EID).** Tenants who are employed and are currently receiving the EID exclusion at the time of conversion will continue to receive the EID after conversion, in accordance with regulations at 24 CFR § 5.617. Upon the expiration of the EID for such families, the rent adjustment shall not be subject to rent phase-in, as described above; instead, the rent will automatically rise to the appropriate rent level based upon tenant income at that time.

Under the Housing Choice Voucher program, the EID exclusion is limited to only persons with disabilities (24 CFR § 5.617(b)). In order to allow all tenants (including non-disabled persons) who are employed and currently receiving the EID at the time of conversion to continue to benefit from this exclusion in the PBV project, the provision in section 5.617(b) limiting EID to only disabled persons is waived. The waiver and resulting alternative requirement only applies to tenants receiving the EID at the time of conversion. No other tenant (e.g., tenants who at one time received the EID but are not receiving the EID exclusion at the time of conversion (e.g., due to loss of employment); tenants that move into the property following conversion, etc.) is covered by this waiver.

**10. Jobs Plus. Not Applicable**

**11. When Total Tenant Payment Exceeds Gross Rent.** Under normal PBV rules, the PHA may only select an occupied unit to be included under the PBV HAP

contract if the unit's occupants are eligible for housing assistance payments (24 CFR § 983.53(d)). Also a PHA must remove a unit from the contract when no assistance has been paid for 180 days because the family's TTP has risen to a level that is equal to or greater than the contract rent, plus any utility allowance, for the unit (i.e., the Gross Rent)) (24 CFR § 983.258). Since the rent limitation may often result in a family's TTP equaling or exceeding the gross rent for the unit, for current residents (i.e. residents living in the public housing property prior to conversion), HUD is waiving both of these provisions and requiring that the unit for such families be placed on and/or remain under the HAP contract when TTP equals or exceeds the Gross Rent. Further, HUD is establishing the alternative requirement that the rent to owner for the unit equal the family's TTP until such time that the family is eligible for a housing assistance payment. HUD is waiving as necessary to implement this alternative provision, the provisions of Section 8(o)(13)(H) of the Act and the implementing regulations at 24 CFR 983.301 as modified by PIH Notice 2012-32, REV-2. In such cases, the resident is considered a participant under the program and all of the family obligations and protections under RAD and PBV apply to the resident. Likewise, all requirements with respect to the unit, such as compliance with the HQS requirements, apply as long as the unit is under HAP contract. Assistance may subsequently be reinstated if the tenant becomes eligible for assistance.

Following conversion, 24 CFR § 983.53(d) applies, and any new families referred to the RAD PBV project must be initially eligible for a HAP payment at admission to the program, which means their TTP may not exceed the gross rent for the unit at that time. Further, a PHA must remove a unit from the contract when no assistance has been paid for 180 days. If units are removed from the HAP contract because a new admission's TTP come to equal or exceed the gross rent for the unit and if the project is fully assisted, HUD is imposing an alternative requirement that the PHA must reinstate the unit after the family has vacated the property; and, if the project is partially assisted, the PHA may substitute a different unit for the unit on the HAP contract in accordance with 24 CFR § 983.207 or, where "floating" units have been permitted.

**12. Transfer of Assistance.** Not Applicable.

**13. Capital Fund Education and Training Community Facilities (CFCF) Program.** CFCF provides capital funding to PHAs for the construction, rehabilitation, or purchase of facilities to provide early childhood education, adult education, and job training programs for public housing residents based on an identified need. Where a community facility has been developed under CFCF in connection to or serving the residents of an existing public housing project converting its assistance under RAD, residents will continue to qualify as "PHA residents" for the purposes of CFCF program compliance. To the greatest extent possible the community facility should continue to be available to public housing residents

**WHA Policy:** *WHA does not receive CFCF funding, therefore this section is not applicable.*

#### **D. PBV: Other Miscellaneous Provisions**

- 1. Access to Records, Including Requests for Information Related to Evaluation of Demonstration.** PHAs must agree to any reasonable HUD request for data to support program evaluation, including but not limited to project financial statements, operating data, Choice-Mobility utilization, and rehabilitation work.
- 2. Additional Monitoring Requirement.** The PHA's Board must approve the operating budget for the covered project annually in accordance with HUD requirements.
- 3. Davis-Bacon Act and Section 3 of the Housing and Urban Development Act of 1968 (Section 3).**

i. The Davis-Bacon prevailing wage requirements (prevailing wages, the Contract Work Hours and Safety Standards Act, and other related regulations, rules, and requirements) apply to all initial repairs and new construction that are identified in the Financing Plan to the extent that such repairs or construction qualify as development. "Development", as applied to work subject to Davis-Bacon requirements on Section 8 projects, encompasses work that constitutes remodeling that alters the nature or type of housing units in a PBV project, reconstruction, or a substantial improvement in the quality or kind of original equipment and materials, and is initiated within 18 months of the HAP contract. Development activity does not include replacement of equipment and materials rendered unsatisfactory because of normal wear and tear by items of substantially the same kind. Davis-Bacon requirements apply only to projects with nine or more assisted units.

ii. Section 3 (24 CFR Part 135) applies to all initial repairs and new constructions that are identified in the Financing Plan to the extent that such repairs qualify as construction or rehabilitation. In addition, Section 3 may apply to the project after conversion based on the receipt of the use of federal financial assistance for rehabilitation activities.

- 4. Establishment of Waiting List.** 24 CFR § 983.251 sets out PBV program requirements related to establishing and maintaining a voucher-wide, PBV program-wide, or site based waiting list from which residents for the covered Project will be admitted. These provisions will apply unless the project is covered by a remedial order or agreement that specifies the type of waiting list

and other waiting list policies. The PHA shall consider the best means to transition applicants from the current public housing waiting list, including:

- i.** Transferring an existing site-based waiting list to a new site-based waiting list. If the PHA is transferring the assistance to another neighborhood, the PHA must notify applicants on the wait-list of the transfer of assistance, and on how they can apply for residency at the new project site or other sites. Applicants on a project-specific waiting list for a project where the assistance is being transferred shall have priority on the newly formed waiting list for the new project site in accordance with the date and time of their application to the original project's waiting list.
- ii.** Informing applicants on the site-based waiting list on how to apply for a PBV program-wide or HCV program-wide waiting list.
- iii.** Informing applicants on a public housing community-wide waiting list on how to apply for a voucher-wide, PBV program-wide, or site-based waiting list. If using a site-based waiting list, PHAs shall establish a waiting list in accordance with 24 CFR § 903.7(b)(2)(ii)-(iv) to ensure that applicants on the PHA's public housing community-wide waiting list have been offered placement on the converted project's initial waiting list. In all cases, PHAs have the discretion to determine the most appropriate means of informing applicants on the public housing community-wide waiting list given the number of applicants, PHA resources, and admissions requirements of the projects being converted under RAD.

A PHA may consider contacting every applicant on the public housing waiting list via direct mailing; advertising the availability of housing to the population that is less likely to apply, both minority and non-minority groups, through various forms of media (e.g., radio stations, posters, newspapers) within the marketing area, informing local non-profit entities and advocacy groups (e.g., disability rights groups); and conducting other outreach as appropriate. Applicants on the agency's centralized public housing waiting list who wish to be placed onto the newly-established waiting list are done so in accordance with the date and time of their original application to the centralized public housing waiting list. Any activities to contact applicants on the public housing waiting list must be conducted in accordance with the requirements for effective communication with persons with disabilities at 24 CFR § 8.6 and the obligation to provide meaningful access for persons with limited English proficiency (LEP).

A PHA must maintain any site-based waiting list in accordance with all applicable civil rights and fair housing laws and regulations unless the project is covered by a remedial order or agreement that specifies the type of waiting list and other waiting list policies.

To implement this provision, HUD is specifying alternative requirements for 24 CFR § 983.251(c)(2). However, after the initial waiting list has been established, the PHA

shall administer its waiting list for the converted project in accordance with 24 CFR § 983.251(c).

- 5. Mandatory Insurance Coverage.** The project shall maintain at all times commercially available property and liability insurance to protect the project from financial loss and, to the extent insurance proceeds permit, promptly restore, reconstruct, and/or repair any damaged or destroyed property of a project.
- 6. Agreement Waiver.** For public housing conversions to PBV, there will be no Agreement to Enter into a Housing Assistance Payments (AHAP) contract. Therefore, all regulatory references to the Agreement (AHAP), including regulations under 24 CFR Part 983 Subpart D are waived.
- 7. Future Refinancing.** Owners must receive HUD approval for any refinancing or restructuring of permanent debt within the HAP contract term to ensure the financing is consistent with long-term preservation. (Current lenders and investors are also likely to require review and approval of refinancing of the primary permanent debt.)
- 8. Administrative Fees for Public Housing Conversions during Transition Period.** For the remainder of the Calendar Year in which the HAP Contract is effective (i.e. “transition period”), RAD PBV projects will be funded with public housing funds. For example, if the project’s assistance converts effective July 1, 2015, the public housing Annual Contributions Contract (ACC) between the PHA and HUD will be amended to reflect the number of units under the HAP contract, but will be for zero dollars, and the RAD PBV contract will be funded with public housing money for July through December 2015. Since TBRA is not the source of funds, PHAs should not report leasing and expenses into VMA during this period, and PHAs will not receive section 8 administrative fee funding for converted units during this time.
- 9. Choice Mobility.** One of the key features of the PBV program is the mobility component, which provides that if the family has elected to terminate the assisted lease at any time after the first year of occupancy in accordance with program requirements, the PHA must offer the family the opportunity for continued tenant-based rental assistance, in the form of either assistance under the voucher program or other comparable tenant-based rental assistance. If as a result of participation in RAD a significant percentage of the PHA’s HCV program becomes PBV assistance, it is possible for most or all of the PHA’s turnover vouchers to be used to assist those RAD PBV families who wish to exercise mobility. While HUD is committed to ensuring

mobility remains a cornerstone of RAD policy, HUD recognizes that it remains important for the PHA to still be able to use tenant-based vouchers to address the specific housing needs and priorities of the community. Therefore, HUD is establishing an alternative requirement for PHAs where, as a result of RAD, the total number of PBV units (including RAD PBV units) under HAP contract administered by the PHA exceeds 20 percent of the PHA's authorized units under its HCV ACC with HUD.

The alternative mobility policy provides that an eligible voucher agency would not be required to provide more than three-quarters of its turnover vouchers in any single year to the residents of covered Projects. While a voucher agency is not required to establish a voucher inventory turnover cap, if such a cap is implemented, the voucher agency must create and maintain a waiting list in the order in which the request from eligible households were received. In order to adopt this provision, this alternative mobility policy must be included in an eligible PHA's administrative plan. This alternative requirement does not apply to PBVs entered into outside of the context of RAD.

**10. Reserve for Replacement.** The Project Owner shall establish and maintain a replacement reserve in an interest-bearing account to aid in funding extraordinary maintenance and repair and replacement of capital items in accordance with applicable regulations. The reserve must be built up to and maintained at a level determined by HUD to be sufficient to meet project requirements.

### **Significant Amendment Definition**

As part of the Rental Assistance Demonstration (RAD), the Wilmington Housing Authority is redefining the definition of a substantial deviation from the PHA Plan to exclude the following RAD-specific items:

- a. Changes to the Capital Fund Budget produced as a result of each approved RAD Conversion, regardless of whether the proposed conversion will include use of additional Capital Funds;
- b. Changes to the construction and rehabilitation plan for each approved RAD conversion; and
- c. Changes to the financing structure for each approved RAD conversion.

**C. Reserved for Conversions pursuant to Section 33 of the U.S. Housing Act of 1937**

3.  Yes  No: Has the PHA included descriptions of asset management activities in the **optional** Public Housing Asset Management Table?

The primary purpose of Asset Management is to give greater attention to the financial, physical, and management performance of each Asset Management Property. In the long term, Asset Management includes the broader strategic examination of the Authority's portfolio and its position in the affordable housing market.

With respect to the public housing inventory, the Authority has organized the developments into eleven asset management properties (AMP) and maintains separate financial records for each individual project in the agency portfolio. The Authority utilizes the financial statements to evaluate the performance of the properties and the sustainability at current subsidy levels.

Operating budgets are prepared annually for each property. Comparisons are completed monthly and reviewed by the Finance and Audit Committee and full Board.

A five year needs assessment is prepared to identify capital needs at each property to allow for planning of capital investment in the properties. Capital needs are categorized to determine the most critical items for health, safety and viability of the properties. The Authority seeks leverage for the capital funds in order to meet as many of the needs as possible.
